

Crowd and queue control barrier hire

Immediate availability from a North East company

When Covid-19 restrictions are lifted and shops can re-admit customers again with social distancing measures in place, have you considered how to manage the customers waiting outside your premises? Due to the ongoing pandemic affecting the events industry we have an immediate stock of Pedestrian and Heras panel fencing available from our depot in Gateshead.

We can deliver for your use or provide a full installation and removal service - give us a call for more information.

Pedestrian Barrier

Lightweight, 2.3m galvanised barrier with strong fixed legs, ideal for use in crowd and traffic areas.

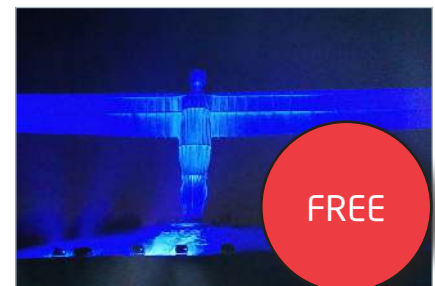

Fast to assemble and rigid with inter-lock connectors.

Heras Panel Fencing

Galvanised Steel 3.5m x 2m. Connects with parallel couplers and stabilised with Heras block "feet".

Easy to assemble and ideal for perimeters or compounds.

Light your building blue

As we did with The Angel of The North in March 2020, we can light your building blue to show your support for the NHS completely FREE OF CHARGE. No power necessary, we bring everything needed in one van.
